EXPERIENCE

Engineer, Digital Infrastructure Support

Cypark Sdn Bhd · 2025 – Present

- Manages Proxmox virtualization environment and backup systems to ensure platform reliability.
- Conducts SCADA vulnerability assessments to safeguard operational technology networks.
- Manages firewalls, switches, and access points across the corporate network.
- Deployed Splashtop remote access to support distributed engineering and operations teams.
- Handles IT onboarding and end-user device provisioning across the organisation.
- Administers Microsoft 365 and SharePoint, including identity, licensing, and collaboration workspaces.
- Drives AI-driven workflow automation to streamline internal IT and business processes.

Business / System Analyst (GEES)

PETRONAS Carigali Sdn Bhd · Jul 2023 – Jul 2024

- Led data integration for the Marine Intelligence System (MARSIS) to unify logistics data sources.
- Played a key role in User Acceptance Testing (UAT) of digital logistics tools prior to production rollout.
- Streamlined logistic digital tools, materially reducing manhours required for routine reporting.
- Implemented the HSE Assurance Program tracking workflow used across operational teams.
- Coordinated the Mentorship Program and a fuel benchmarking initiative applying Lean Six Sigma methods.
- Facilitated engagement and onboarding with over 40 contractors and external partners.

Web Developer Intern

UiTM Technoventure · Sep 2022 – Jan 2023

- Conducted stakeholder interviews to gather and document system requirements.
- Developed flowcharts and process diagrams describing core system functionalities.
- Managed MySQL database operations including schema design, queries, and maintenance.
- Enhanced UI/UX design across internal web applications.
- Engineered web pages and forms using HTML, CSS, and PHP.

EDUCATION

Bachelor of Information Systems (Hons.) — Intelligent Systems Engineering

Universiti Teknologi MARA (UiTM) · 2019 – 2023 · CGPA 3.59 (First Class)

Malaysian Matriculation Programme

Kolej Matrikulasi Kelantan · 2018 – 2019 · CGPA 3.13

TECHNICAL SKILLS

Systems & IT: Proxmox, Network Configuration, Network Security, Remote Access (Splashtop), Microsoft 365 Admin, SharePoint, SCADA Networks, AI Workflow Automation

Tools: Wireshark, pfSense / Firewall, Power BI, Tableau, Excel, SQL Server, phpMyAdmin

Programming: Python, SQL, R, Java, HTML, CSS, JavaScript

Data Science: Data Analysis, Machine Learning, NLP, Data Visualization

Software Development: Version Control, UAT, Data Integration, Database Management, Agile

Soft Skills: Problem Solving, Adaptability, Collaboration, Integrity, Resilience, Continuous Learning, Attention to Detail

PERSONAL PROJECTS

- **Twitter Sentiment Analysis of Open Distance Learning (ODL)** — NLP, Pandas, RapidMiner, Power BI.
- **Monster Movie Analysis App with Predictive Modeling** — Shiny web app with predictive modelling.
- **FM24: Wonderkid Recruiting Analysis** — Statistical analysis and interactive dashboards.

CERTIFICATIONS

- 2024 · PETRONAS Lean Six Sigma Yellow Belt.
- 2024 · PETRONAS Citizen Analytics Certificate.
- 2023 · Coursera — Foundations: Data, Data, Everywhere.
